Mr. Joe Schieffelin, Unit Leader
Hazardous Waste Control Program
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

Dear Mr. Schieffelin:

During our recent meetings to discuss the dispute to modify the scope of Operable Unit 4 Phase I remediation, twelve technical issues were identified. As agreed in these meetings, the Department of Energy (DOE) has captured the disposition of these issues as agreed to by DOE, the Colorado Department of Public Health and Environment (CDPHE), and the Environmental Protection Agency (EPA) staff. The disposition is enclosed.

Also associated with the discussions was the commitment by DOE to deliver the following documents, which were informally given to the CDPHE and EPA staff at the September 13, 1994, meeting:

- Responses to CDPHE and EPA comments on the draft Interim Measure/Interim Remedial Action Environmental Assessment Decision Document (IM/IRA-EA).
- A synopsis of the changes that will be made to the IM/IRA-EA Decision Document to include sludge as a component of the IM/IRA.

If you would like to discuss these issues further, please contact Frazer Lockhart at 966-7846.

Sincerely,

Steven W. Slaten
IAG Project Coordinator
Environmental Restoration
